The Dawgs

Genre: Animated Musical Comedy

It's a dog world and in that dog world, and in that world, THE DAWGS are a dysfunctional famous music group whose mission is to create great music, and spread goodwill, peace and love. However, everywhere they travel to play a concert gig, a strange mystery draws them in for an adventure. In this story, their lady friend, Silvia, is in trouble. Alex, the lead singer, is in love. And so, he convinces the other band members to help save Silvia from the evil rich mogul kidnapper. With a little magic from their wizard friend, Orpheus, the father of melody and a believer of the efficacy of song and voice in magic, they rescue Silvia. To celebrate, they put on a music concert to raise enough money to open a no kill ranch for the less fortunate dogs.
